RECYCLE more of your waste with Elite Waste Disposal

Elite Waste Disposal is an environmentally friendly company. Over the past three years Elite recycled over 2900 tons of shingles. We will continue to recycle as much as possible in 2012. We also have the ability to provide LEED (Leadership in Energy and Environmental Design) reporting for builders. We are constantly looking for ways to increase the amount of material that we recycle.

Listed below is an actual example of a monthly recycling report from an Elite Waste Disposal recycling facility.

Actual Example of a Monthly Recycling Report

Sort/Recycle Line

	Percentage of Total Tons Recycled
Line Residuals	35.27%
ADC Fines	27.29%
Cardboard	1.60%
Wood	19.62%
Aggregates.....	9.87%
Steel.....	5.98%
Other Metals.....	0.37%
TOTAL.....	100.00%
TOTAL RECOVERED	64.73%
